Babcock Will Leave State Asylum Today

HAS BEEN CONNECTED WITH THIS GREAT INSTITUTION FOR LAST 23 YEARS

DR. SAUNDERS ALSO

There are Rumors that Nurses in White Female Ward Would Leave With Dr. Saunders

Special Correspondence. Columbia, March 13.—The governor accepted the resignation of J. W. Babcock, M. D., who retires from the post of superintendent for the state hospital for the insane Friday.

Eleanor B. Saunders, M. D., assistant physician in charge of the white women's department, sent her resignation today "to take effect at once."

Dr. Saunders and Dr. Babcock yesterday announced that they would very probably open a private sanitarium for the treatment of mental diseases in Columbia, a definite statement as to their plans to be made later.

"If there is to be no cooperation, then I desire to resign immediately from the superintendency of the hospital for the insane," said Dr. Babcock in a letter to the governor.

J. L. Thompson, M. D., first assistant physician of the asylum, has been placed temporarily in charge. The board of regents held a long executive session Friday when the affairs of the institution were discussed.

Following her letter of resignation to the board of regents, Dr. Saunders, upon request appeared before the regents. She told the members that she would work today and bring the records of every case up to date and that she would leave her department in good order for her successor to take charge Saturday morning.

Dr. Saunders was appointed as second assistant physician, March 1, 1907. She was in charge of the white women's department of the asylum, and 600 patients were under her care daily.

The resignations came as a climax to the recent legislative inquiry into the charges in connection with the State hospital. Dr. Saunders cleared all charges and gave high praise to her work at the asylum.

The board of regents held two long executive sessions Thursday at the asylum when several matters concerning the institution were discussed. Later in the day it was announced that Dr. Babcock might remain as superintendent of the institution if the proper rules and regulations were adopted.

Dr. Babcock discussed the rules with the regents and it seemed as if a satisfactory agreement was about to be reached. The governor attended the meeting of the regents on Thursday.

The resignations came as a climax to the recent legislative inquiry into the charges in connection with the State hospital.

SCHOOL EXTENSION

Editor The Intelligencer. The General Assembly made liberal provision for the free public schools. The six appropriations included:

- 1. High schools, \$60,000. 2. Rural graded schools, \$60,000. 3. Weak schools for term extension, \$60,000. 4. Libraries, \$5,000.

These funds guarantee the continuance and extension of the educational activities that have brought more efficient schools to scores of communities during recent years. State aid based on local taxation should provide in every district a school term of competent teachers. If the people of any community will co-operate for a better building, a longer term, and the establishment of a rural graded school.

All applications for high school aid will be considered by the State Board of Education at its next meeting. Any money not forwarded to your County Treasurer about May 15th. The usual November installment of high school aid for the school year 1913-14 could not be paid last fall pending the collection of the one-mill state school tax.

High school trustees and principals may rely upon their usual appropriation as heretofore. Rural graded school applications shall be paid without fail. Under no conditions should any district maintain a two or three-teacher school and asking State aid be permitted to also for lack of funds. The increase from \$50,000 to \$60,000 for these schools guarantee the purpose of the lawmakers to maintain their policy in every district meeting the requirements of the rural graded school act.

No rural community schooling fifty children can pay afford to do without a two-teacher school, and no such community schooling seventy-five children should be content with less than a three-teacher school. Under this constructive and stimulating policy approved by the committee, we have the assurance that four-mill tax, and have secured recognition as state-aided schools.

Your cooperation in extending this policy throughout your county is thoroughly appreciated, for without your cordial assistance nothing could be accomplished by State aid to these schools.

Nearly 600 term extension applications have already been made. But if any weak district levying a two-mill tax desires to participate in this appropriation, its application should be forwarded without delay. The term extension act applies to even measure has already brought about a marked increase in the school term of half the counties of the State.

By utilizing its benefits, the trustees and patrons of any district should be able to lengthen their school terms. Where a sufficient local tax is voted to secure the maximum of \$100 State aid every public school may now run at least 140 days.

The renewal of the State building fund means at least four score new buildings during 1914. The one-room schoolhouse is, and must always remain, a necessity. It would mark a great step forward, however, if the number of one-room schoolhouses erected this year could be reduced to the minimum, and if the construction of two-room, three-room, or four-room buildings could become the rule.

Remains of Those Who Went Down With Ill-Fated Monroe Cannot be Found

(By Associated Press) Washington, March 13.—All the bodies which sank with the Old Dominion liner Monroe when she was rammed by the Merchants and Miners transportation ship Nantucket off the coast of Virginia on January 30, have been swept out of the wreck by a strong submarine current.

Divers, having nearly 200 additional pound of lead on their equipment, found it impossible to remain on their feet in the fierce current which sweeps about the wreck. Forty lives were lost in the collision. How many of these went down imprisoned in the ship is not known, but there was hope of recovering some bodies.

Divers also found the lifeboat No. 1, which some of the witnesses testified was smashed in the collision, had been cut loose as one witness testified. That witness said he cut the boat loose with two negro women in it. They undoubtedly drifted away in the fog and were lost.

The divers also found that the Nantucket struck the Monroe below lifeboat number one. The cargo may be recovered.

PROPOSED PREMIUM CHOICE GRADE CORN

Chicago Board of Trade Considers the Government's New Trading Scale

(By Associate Press) Chicago, March 13.—A half-cent premium on the choicest grades of unmixt corn was proposed here today at a board of trade mass meeting, called to consider the new government grading scale. For the first time in the history of the Chicago board it was proposed to put number one an two unmixt white and yellow corn at a premium of half a cent while one and two mixed would be deliverable at the flat contract price.

Many changes have been made necessary in connection with the delivery of corn on board of trade contracts by the government. The proposal to create premium grades was finally carried by a vote of 48 to 19.

The change in the existing contract of the new grades promulgated by the government necessitated changes also in the discounts at which the lower grades of corn are to be delivered.

Cobb off for Training Atlanta, Ga., March 13.—Ty Cobb, left Royster, Ga., his home today, to join his team mates at Monroe, La., for spring training.

GOES TO ATLANTA

John E. Joyce Expects to Get a Good Contract There. John E. Joyce, manager of the Joyce syndicate, and his assistant, Miss Moran, went to Atlanta this morning, where Mr. Joyce has the prospect of putting on a big contest in that city.

Mrs. Joyce and Charles A. Joyce will join them in Atlanta. The contest which has just closed was held under many difficulties, due to the influenza which usually attend the starting of a new paper, and Mr. Joyce hopes his generosity at the close.

At the same time he gave every contestant a square deal. The committee in charge of counting the votes, made a check yesterday and found everything just as had been reported Thursday night.

J. M. Alexander of Pelser was in the city yesterday on business.

BODIES SWEEPED OUT BY STRONG CURRENT

Remains of Those Who Went Down With Ill-Fated Monroe Cannot be Found

(By Associated Press) Washington, March 13.—All the bodies which sank with the Old Dominion liner Monroe when she was rammed by the Merchants and Miners transportation ship Nantucket off the coast of Virginia on January 30, have been swept out of the wreck by a strong submarine current.

Divers, having nearly 200 additional pound of lead on their equipment, found it impossible to remain on their feet in the fierce current which sweeps about the wreck. The divers also found that the Nantucket struck the Monroe below lifeboat number one. The cargo may be recovered.

TRAIN'S ENGINEER AND ROBBER KILLED

Two Deputies and Woman Are Wounded—Bandits are Mexicans—All Arrested

(By Associated Press) Peoria, Ill., March 13.—Two men were killed and two deputy sheriffs and a woman wounded as the result of an attempted hold-up of a Chicago and Northwestern freight train at Manlius, Ill., 45 miles north of here today.

Arthur Fisher of Pekin, Ill., engineer of the train, was shot dead by one of the bandits and an unidentified robber was slain in a battle with the sheriff's posse. Mrs. Wright, wife of the station agent at Langley, was struck by a stray bullet but is not seriously wounded.

The trainmen declare they found the four men unloading merchandise out of one of the freight cars when the train stopped at Manlius. One opened fire on the conductor while the others ran to the engine and ordered engineer Fisher to proceed with the train. While he was trying to explain there would be danger of a collision, one of the bandits killed him.

The three men then jumped from the engine, and rejoining the fourth, who had been holding off the crew, fled.

Sheriff Byers and his two deputies started in pursuit, locating the bandits in a bunk car near Langley. The men opened fire on the officers, wounding both deputies. They then fled to a cornfield, where they were surrounded by the sheriff and a posse of farmers.

In an exchange of shots one of the robbers fell, shot through the stomach. Two then surrendered, but the third escaped to Chillicothe, Ill., where he was later arrested. The wounded bandit was hurried to a hospital, and later died there.

The robbers are declared to be Mexicans, and believed to have recently been on railroad construction work near Langley. Fifteen members of the construction gang were arrested tonight and are being held in jail at Princeton.

ON TO GREENWOOD SAYS ARCH TODD

Goes Today to Take 25 Noble Cars From Bill Garvin's Town

Archie Todd was all swelled up with importance last night. In addition to having delivered the prize Ford to Sam McAdams, whose good-bye won the automobile in The Intelligencer's voting contest, Mr. Todd had received marching orders and was assembling a band of fearless scouts to descend upon Greenwood.

There he intends today to assemble 25 cars of the latest Ford make and will bring them to Anderson today. This will be quite a spectacle, the 25 busy little smell wagons sailing along through the country towns. The Casey Jones of the Ford train will bear a message from Mayor Marshall of Greenwood to Mayor Holleman of Anderson, and it may read something like this, "don't fine them for speeding, the limit is five miles per hour for these cars."

The enthusiastic drivers whom Mr. Todd will take over to Greenwood are Phil Pickens (work on the "bridge" may be suspended today), Robbie Webb, Guy Cromer, John Townsend, "Mutt" Guest, Sam Sullivan, N. B. Sullivan, Jr., Melvin Means, Harold Webb, "Coon" Murray, old General Archie Bald Todd himself, and the following professionals, Chevis Cromer and Willie George, George Norwood, colored, will be along. An equal number of Greenwood drivers will make the trip over.

PRESBYTERIAL OF PIEDMONT SECTION

Will Meet At Honca Path On First, Second and Third of April

The fourth annual session of the Piedmont Presbytery will meet in the Presbyterian church at Honca Path on April 1, 2 and 3 next. The program as announced is as follows: Wednesday, April 1. 4:30 p. m.—Devotion, president. Organization. Minutes last meeting. Enrollment of delegates. Announcements. Adjournment. 8 p. m.—Reception. 8 p. m.—Devotional, pastor. Address—Rev. W. F. Junkin, China. Offering.

Thursday, April 2. 9:30 a. m.—Devotional. Address—Local societies. Response—Central Church, Anderson. President's message. Reports from societies. Business, old and new. Treasurer's report. Report of visitor—Miss Junkin. Reports from secretaries. Appointment committees. Afternoon Session. 3:30 p. m.—Devotional. Memorial—Mrs. Houston. Talk on missions in the Sunday school—Miss Ravensel. Talk of Young People's Work—Mrs. Boggs. "Our Immigrants"—Delegate Westminister. Home Missions—Mr. Mayes. Foreign Missions—Mr. Junkin. Announcements.
